

Partners in Interface Design Solutions

Concept - Design - Prototype - Production

Over 15 years of experience providing innovative Fiber interface design solutions to help you bring your products to market.

OEM Sub-Assemblies

- Pigtails
- Polarization Maintaining Fiber Terminations
- Standard and Customized Boots and Bend Limiters, Straight/Right Angle
- Standard and Customized Ferrules and Ferrule Mounting Sleeves
- Bare Fiber Polishing/Angle Polishing
- Packaged LC/SC Loopbacks, Attenuated LC/SC Loopbacks

Multimode/Singlemode, Simplex/Duplex/Multi-Strand

- Patch Cords, Jumpers
- Connector Types - LC, MU, SC, FC, ST, MT, MTP, MPX, MT/RJ
- Polishing Finishes - PC, UPC, APC, PM

QC, Testing, and Documentation

- MIL Spec Certified
- Interferometer Testing Including Support Documentation
- Extinction Ratio Measurement
- Manufacturing Lot Control with Individual Cable Serial Numbers
- CAD Drawings and Qualification Sampling

New Production Facility (May 2001)
